

## Benefits of Motorization

-  Reduce energy costs
-  Increase safety
-  Hurricane protection
-  Instantly create privacy
-  Automatically protect valuable furnishings from harmful UV rays

RTS allows you to experience motorization your way. Control your motorized rolling shutter with a single device or a combination. Choose from hand-held remotes, wireless wall switches, table top controls, timers or app control from a tablet or smartphone.

Somfy is the leading global manufacturer of strong, intelligent, quiet motors and electronic controls for interior and exterior window coverings with more than 110 million motors produced since 1980. For more than four decades, Somfy engineers have designed products for both the commercial and residential markets to motorize window coverings such as interior shades, wood blinds, draperies, awnings, rolling shutters, exterior solar screens and projection screens. Somfy motorization systems are easily integrated with security, HVAC and lighting systems providing total home or building automation.

## Motorized Rolling Shutters *Peace of Mind*

# Save Energy. Enhance Safety. Protect Your Home and Family.

Motorized rolling shutters control solar rays which not only protects your home furnishings, it also saves money on your heating and cooling costs. In addition, they enhance safety, provide privacy and offer protection from damaging winds, even those related to hurricanes.

## Telis RTS Hand-held Remotes

Telis Hand-held remotes offer convenient and simple operation of motorized rolling shutters. Single channel remotes can operate one individual product or one group of motorized products. Available in 1, 5 or 16 channels for centralized control.
